

Easy to Use!
Cost Effective!
Very Flexible!
Comprehensive!
Long-Term Focused!

OUR PARISH FAMILY

is a comprehensive Parish information management tool designed to meet the current and growing information needs of any church.

It will change the way information is collected, stored and used in your parishes and diocese.

We have designed it to be flexible, comprehensive, user friendly and easy to customize to suit your particular environment.

All revenues are reinvested into the program for further improvement and support.

Over 10 years of experience assisting churches with the use of technology in their ministry.

"I love it. I simply love Our Parish Family"

Michelle Elgie
Blessed Sacrament,
Diocese of London, Ontario

"From day one that I started with Our Parish Family I find the program very user friendly and so easy to understand to look up information, print out reports, especially doing the tax receipts and printing out duplicates so easy to figure out. I am not really computer illiterate and Our Parish Family allowed me to feel very confident in the program. I am very happy to be using this system. Entering envelopes so fast and convenient and again so easy to figure out."

Wendy Charlesworth
Blessed Sacrament,
Diocese of Hamilton, Ontario

"Our Parish Family has answered the needs we were looking for in a parish database. It is user friendly and the amount and type of information it contains is so useful to everyone on our staff. The support service has been wonderful and they are continually working to develop and improve the program."

Joanne Gilbert
Blessed Sacrament,
Diocese of Youngstown, Ohio, USA

"This is a remarkable program to manage the information our pastoral team needs in their ministry. It allows us to begin with very basic information and add, with ease, more detail as it becomes available."

Rev. Vincent Gleeson
St. Alphonsus Parish,
Diocese of London, Ontario

"I have enjoyed using Our Parish Family for just over a year now. I like the ease that you can navigate through the different modules. Your information is always at your fingertip, whether you are re-issuing a donation or receipt or answering queries about parishioners up-to-date donations. I have found the staff very patient, helpful and accommodating when you have a problem to solve. I would recommend Our Parish Family to anyone who is involved in administrative work in parishes."

Claudette Smith
St. Augustine of Canterbury,
Archdiocese of Winnipeg, Manitoba

"Our Parish Family is very user friendly. The support staff are very helpful and friendly. They take into consideration our comments / suggestions and put them to use when appropriate. I have no hesitation in recommending this program."

Linda Reunions
Blessed Sacrament Parish,
Diocese of Alexandria-Cornwall, Ontario

"We have been using OPF for over a year - all our computers are linked and as a staff we are able to watch our database grow. OPF allows us to access and keep current with our parishioners. Personalized parish mailouts are a breeze. What impresses me most about OPF is the support that we receive from Joseph and the Staff, it makes any hiccups in our system very solvable. Thanks."

Father Mark Tarrant
St. Paul the Apostle Parish,
Archdiocese of Winnipeg, Manitoba

Our Parish Family

Parish Information Management System

VERSION 8

A Comprehensive and Flexible Parish Information Management System

“Modern technology is given by the Almighty to bring glory and praise to his name.”

Our Parish Family

- Is modularized but totally integrated to eliminate data duplication and redundant data.
- Has a comprehensive Sacramental Registry for all sacramental records in one place.
- Has the ability to connect to major banking institutions for direct deposit contributions.
- Has the ability to communicate with members using email or regular mail right from the database.
- Has the ability to manage multiple parishes in one database.
- Has the ability to export the parish directory to Palm or other PDAs.
- Can be connected to an on-line database to receive parish registrations.
- Has the ability to design reports and forms easily and integrate them with the database.
- Has the ability to centralize the database at the diocesan level and allow parishes access to their information via Internet.
- Has the ability to attach documents from other office applications to individual family/member records for maintaining all types of information about a family or member in one place.
- Included is membership to Our Parish Family virtual user group for on-going learning and sharing of information.
- Included is membership to our quarterly “Our Parish Family Newsletter”.
- Classroom and on-line training is available.
- Annual maintenance plan subscribers can download the latest Our Parish Family software releases, manuals, etc. from our website.
- Support to organize Our Parish Family user groups at the diocesan level or at the deanery level is available.

This is not another database application. It is a true Information Management tool.
